EDITOR'S NOTES:

Doing the summaries for this year's SUMMER ASSU ANTI-CALENDAR took a little more time than ever before.

I would like to thank Ranjini (Rini) Ghosh who spent a great deal of time on the evaluation process. Also, I would like to thank the volunteers, who despite not being on the Executive, helped pick up the slack. Also, I would like to thank our new Dean, Meric Gertler, for continuing to encourage and support this project and students in general. We wish him all the best with the difficult tasks that lay before him as Dean of our Faculty.

As always, thanks to all the instructors and students who participated in the summer evaluation process.

And finally, once again, special thanks to Jane Seto who set-up the process, typed the booklet and had to summarize even more evaluations. Your dedicated work on the evaluations do not go unnoticed.....underappreciated yes, but not unnoticed.

PART-TIME STUDENT MOBILIZATION

Our current space is wonderfully suited to our members needs; it is attached to the part-time college, is child-friendly, has a kitchen, a beautiful front lawn and a large meeting space.

APUS has been advocating for part-time students for almost 40 years. We need you to stand up for your student union space and urge the university to ensure:

1. Space permanence for APUS in our New space at the Margaret Fletcher building
2. No more downloading of the costs of buildings and operating expenses on students and users
3. Reject any plans to build on top of APUS' current building and front lawn.

****IMPORTANT FACULTY CHANGES****

Credit/No Credit

- Degree students in the Faculty of Arts & Science may select up to 1.0 full-course equivalents of their degree credits offered by the Faculty of Arts & Science on the St. George campus to be assessed on a Credit/ No Credit basis.
- Students must choose this mode of assessment no later than the last day to enrol in the relevant course. Once the deadline has passed, students may not under any circumstances reverse this decision.
- To achieve a status of CR (Credit), a student must achieve a final mark of at least 60%. Marks below that will be assessed as NCR (No Credit).
- Courses with a final status of CR will count as degree credits but will have no effect on the student's GPA. They will count as Distribution Requirements and degree credits, but cannot be used to satisfy subject POST requirements.

For more details – go to <http://www.artsci.utoronto.ca/current/undergraduate/crnrcr>

Late Withdrawal – LWD

- The Faculty of Arts & Science has approved a mechanism to assist students, in conjunction with their college registrars, to remedy situations, particularly in their early years at university, where personal or other circumstances mean they are irretrievably behind in a course.
 - Students pursuing a degree in the Faculty of Arts & Science may request to withdraw without petition from a total of no more than 3.0 FCEs in the 20.0 FCEs required for their degree, provided such a request is made by the last day of term in the relevant course.
 - Students will make such requests to their college registrar, who has the authority to approve such requests if the circumstances warrant approval of an exception to the normal Drop deadlines.
 - Withdrawals approved under this procedure will be noted on the academic record by the course status LWD (Late Withdrawal). This course status will have no effect on the GPA or other elements of the academic record.

For more details – go to <http://www.artsci.utoronto.ca/current/undergraduate/lwd>
