ACTUARIAL SCIENCE & STATISTICS

"There must be some mistake. According to our actuary tables I'm going to live to 83."

Introduction

ASSU would like to thank the Staff and Faculty of the Department of Actuarial Science and Statistics for their assistance in providing the following evaluations.

Editor

ACT 230H1F Mathematics of Finance for Non-Actuaries

Instructor(s): K. Sharp

Enr: 88 Resp: 36 Retake: 64%

Difficulty	0	0	4	63	17	11	3	4.5	
Learn Exp	2	2	4	54	21	9	6	4.4	

Vukov was an enthusiastic and knowledgeable instructor who explained concepts clearly. However, some students thought that he went through the material too fast. Many students suggested he put his lecture slides online, prior to the lectures so that they didn't have to copy all the notes in class, while listening to him.

Instructor(s): A. Vukov

	Resp: 74							Retake: 32%	Mean
	1	2	3	4	5	6	7

Most of the students found this class an amazing experience. As an "approaches" course students found it very effective and valuable. It allowed them to improve in analytical and writing skills. Students hope to see these "approaches" courses more.

Students were also amazed by the instructor. He was not only passion-

ate, engaging and intelligent but also cared about the students and was very approachable and always willing to meet with them.

Overall, a very challenging course but students learned and improved a lot in this course, with the help of an outstanding instructor.
